Quarter Horse News

March 15 issue - the Equi-Stat 2004 Cutting Statistical Leading Paternal and Maternal Sires are the father and son pair of Doc O'Lena and Smart Little Lena. The great Doc O'Lena, who held his title as the year's highest earning paternal grandsire. There were 1,351 of his grandget that earned a very impressive \$6,366,695 for a \$4,577 average. His blood flowed through the finals of every event and into the NCHA World Finals, where Mary Jo Milner rode Red White And Boon (Smart Little Lena x Royal Blue Boon x Boon Bar) to the Non-Pro Reserve Championship. The 1988 gelding helped Milner top the NCHA Non-Pro rankings for the 2003 season and he cut to \$105,162 for the 2004 season. It's no surprise that Smart Little Lena maintained his status as the Leading Maternal Grandsire. His daughters made their own marks in the pen, and now those mares are producing offspring that are crossing over in winning ways. The 367 maternal grandget that showed during the 2004 season pegged \$2,912,089 in earnings for a high \$7,935 average per horse.
